In conjunction with KU's selection of *Notes from No Man's Land* by Eula Biss as its Common Book for the 2012–2013 academic year, the Spencer Museum of Art has selected Randy Regier's *Impending Future Bus* as the Common Work of Art.

Regier's whimsical sculpture uses the vocabulary of toys to create a memorable work that raises questions about serious topics. *Impending Future Bus* explores changing racial demographics within the United States represented by the passengers of a bus. Regier uses his dedication to craftsmanship to unite an engaging, playful style with an unquestionable seriousness of purpose.
